3. Project Narrative

Please follow the instructions within the GMS application for this section. Read all questions and answer them completely.

4. Goals and Objectives

Program Goals and Outcomes Tables

The minimum number of outcomes must be selected for all goals (healing, justice, economic stabilization, safety, and quality measures). The percentage provided for each outcome is the percentage of total victims served who would respond positively to the selected outcome. This percentage is based on the anticipated number of victims to be served for FY20.

The *percentages* associated with goals and outcomes do not directly reflect the program's survey response rate. Survey responses represent a statistical sample, reflecting the satisfaction of the entire population of victims served.

Example: Hopi County Victims Advocacy Center (HCVAC) plans on serving 3,700 victims in FY20. Historically the agency's survey response rate has been very low while victim satisfaction with services provided has been very high. In FY20 the program only anticipates receiving a survey response from 220 victims. The responses provided by these 220 victims will represent the satisfaction rate for the entire population of 3,700 victims served by the program.

5. Budget

In order to simplify completing the application budget, please follow the following

process steps:

Step 1: Complete Budget Detail for Requested ACJC Funds

First go through the all budget categories and provide budget detail and narrative for the ACJC funds requested. The system will round all total amounts to the nearest dollar automatically.

A. Salary and ERE

In the budget table provide the position title, what portion of the position will be funded (i.e. 1.0 or .5), the total annual salary for the position, and what portion of the ERE dollar amount is being requested. If requesting funding for more than one position please prioritize the positions from top to bottom.

Use the "Personnel" text box above the table to provide a very brief description of each position (detailed job descriptions will be included as an attachment). Please explain why this position is critical to the program. If requesting funding for multiple positions, please explain prioritization.

In the "ERE Breakdown" text box below the Overtime table list all the expenses included in fringe benefits, i.e. health insurance, workers' compensation, FICA, etc. Include a percentage for each category and a total ERE percentage for each position.

B. Overtime

Enter the request for overtime in the table provided.

C. Consultant / Contractual Services

In the text box, for each vendor provide detailed vendor information including name and a description of the services provided to the program.

In the table provide the type of service, number of hours, and hourly rate for each vendor. Examples of Consultant / Contractual Service types are contractual accounting, legal, counseling, and data processing services.

D. In-State Travel

In the text box, provide a detailed description of the purpose of the travel and how it supports the work of the program.

In the table provide a description of the travel type, rate per mile, and number of miles using your organization's established mileage rate.

E. Out of State Travel

In the table provide a description of the travel type, rate per mile, and number of miles using your organization's established mileage rate.

F. Confidential Funds

This budget category does not apply to the Victim Assistance Grant. Please do not include any information for this category.

F. Other Operating Expenses

In the text box provide a detailed description of the expense and the in the table information on the amount requested. "Other Operating Expenses" include pager, cell phones, training fees, etc. Other expenses must be in direct support of the program.

G. Equipment

In the text box provide a description of the item, quantity, purchase price or monthly lease rate for each kind equipment item requested. Note: Pagers and cell phones will be reported under Other Operating Expenses. Complete the table to request equipment funding.

Step 2: Complete Budget Detail for Matching Funds

Due to changes in the Victim Assistance program administrative rules, starting 7/1/2019 a new 20% match requirement went into effect for Victim Assistance grants. The GMS has not been updated to reflect this change to the match amount. GMS applications must be submitted reflecting a 25% match amount. Once a project is approved for funding the match amount will be recalculated by ACJC staff to reflect the new 20% match requirement and the resulting lower match amount will be included in the grant agreement.

To complete and successfully submit the application in the GMS a 25% match total must be entered. The match amount is automatically calculated by the GMS and will be found at the end of the budget in the *Required Match* field under the *Total Project Cost* section once all funding requests have been entered in the budget. ACJC staff will adjust match amounts for awards to 20% prior to distributing FY 2020 grant agreements to funded projects.

Now going back through the budget please indicate the source and amount for the required matching funds. Enter the match amounts directly into the category budget tables as detailed in Step 1, however to indicate that a line item is to be used as a match amount simply check the "match" box next to that line item on the far left of the table. The match amounts entered in the GMS must equal the *Required Match* field or the system will not allow for validation and submission.

For those budget categories that contain a match amount please include the following in the justification text box: the expiration date if the match is from other grant funds; if the matching grant is pending, list "pending"; a description of in-kind match sources (available only to programs who answered "No" to the question regarding providing services for more than three years). All match sources **MUST NOT EXPIRE PRIOR TO JUNE 30, 2020.**

Form Field:	Instructions:
If matching funds are required for this grant program, provide a description of what funds will be used as the required match.	Please provide the names of match sources. This should not be a formatted response, just a comma separated list. (DPS-VOCA, AG-VRP, United Way, Donations, County General Fund)

Once the requested amounts and supporting narratives are completed for each

requested budget category, the following numbers will be displayed at the bottom:

“Requested Total”: This is the amount of funding you are requesting from ACJC.

“Match Total”: This is the total amount of matching funds entered into the application budget. This amount will appear in red to remind you to ensure that the match amount is 20% of your total (Requested + Match.)
